American taxpayers are quite interested in knowing how banks have used the money that Treasury has invested under the Capital Purchase Program (CPP). To answer that question, Treasury is seeking responses that describe generally how the CPP investment has affected the operation of your business. We understand that once received, the cash associated with TARP funding is indistinguishable from other cash sources, unless the funds were segregated, and therefore it may not be feasible to identify precisely how the CPP investment was deployed or how many CPP dollars were allocated to each use. Nevertheless, we ask you to provide as much information as you can about how you have used the capital Treasury has provided, and how your uses of that capital have changed over time. Treasury will be pairing this survey with a summary of certain balance sheet and other financial data from your institution's regulatory filings, so to the extent you find it helpful to do so, please feel free to refer to your institution's quarterly call reports to illustrate your answers. This is your opportunity to speak to the taxpayers in your own words, which will be posted on our website.

What specific ways did your institution utilize CPP capital? Check all that apply and elaborate as appropriate, especially if the uses have shifted over time. Your responses should reflect actions taken over the past year (or for the portion of the year in which CPP funds were outstanding).

<input checked="" type="checkbox"/>	Increase lending or reduce lending less than otherwise would have occurred.	With the receipt of funds from the US Treasury, the Company was able to reduce lending less than otherwise would have occurred. However, we still intend to increase lending over the term of holding the funds.
-------------------------------------	---	--

<input type="checkbox"/>	<p>To the extent the funds supported increased lending, please describe the major type of loans, if possible (residential mortgage loans, commercial mortgage loans, small business loans, etc.).</p>	
<input checked="" type="checkbox"/>	<p>Increase securities purchased (ABS, MBS, etc.).</p>	<p>The Company increased its investment in agency mortgage backed securities by 53% during 2009. This investment supported the residential lending market while maintaining a safe investment for the Company.</p>
<input type="checkbox"/>	<p>Make other investments</p>	
<input checked="" type="checkbox"/>	<p>Increase reserves for non-performing assets</p>	<p>The Company's non performing assets increased by \$51 million during 2009. The funds from the US Treasury allowed us to add \$53.5 million in loan reserve expense during 2009 to address the increase in these problem loans and charge off uncollectible loans, as noted below.</p>

<input type="checkbox"/>	Reduce borrowings	
<input checked="" type="checkbox"/>	Increase charge-offs	The Company charged off \$35.5 million in uncollectible loans during 2009. While these charge-offs decreased our reserve for loan losses, our reserve as a percentage of noncurrent loans increased 30%, and our reserve as a percentage of total loans increased from 1.14% to 2.82% during 2009.
<input type="checkbox"/>	Purchase another financial institution or purchase assets from another financial institution	
<input type="checkbox"/>	Held as non-leveraged increase to total capital	

What actions were you able to avoid because of the capital infusion of CPP funds?

What actions were you able to take that you may not have taken without the capital infusion of CPP funds?

Please describe any other actions that you were able to undertake with the capital infusion of CPP funds.
